INSTALLATION GUIDE

Note: This product must be installed by a licensed plumber. This is a general installation guide - there are many factors involved that can alter the installation method. **AU/NZ:** For installations within Australia and New Zealand, this product must be installed in compliance with AS/NZS 3500. **UK:** For installations in the United Kingdom this product must be installed in compliance with the Water Supply (Water Fittings) Regulations and Water Supply (Water Fittings) (Scotland) Byelaws. **Other:** For installations outside these countries, this product must be installed in compliance with the standards in your respective country.

Slide the back plate onto the spout, make sure that the rubber is firmly in place to protect the spout and stop the back plate from moving around.

Apply teflon thread tape to the breech point, twist the spout on and hand tighten.

Regularly clean with mild

liquid detergent or soap

and water

DO NOT use cream cleaners or bleach. These substances are abrasive

DO NOT use cleaning pads with abrasive surfaces as this may scratch the material

1/2 INCH MALE ADAPTOR INSTALLATION GUIDE

Note: This product must be installed by a licensed tradesperson. This is a general installation guide - there are many factors that are involved that can alter the installation method.

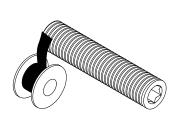

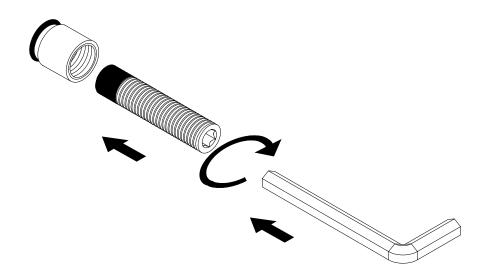

(1)

Apply teflon tape to 1/2 inch male adaptor.

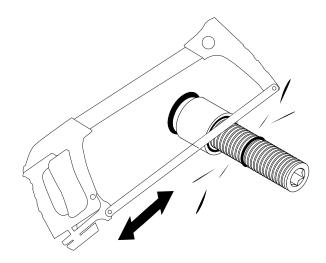

Fit 1/2 inch male adaptor to female BP and tighten with a 12 mm metric Allan key.

(3)

Cut 1/2 inch male adaptor to suit wall thickness and product.

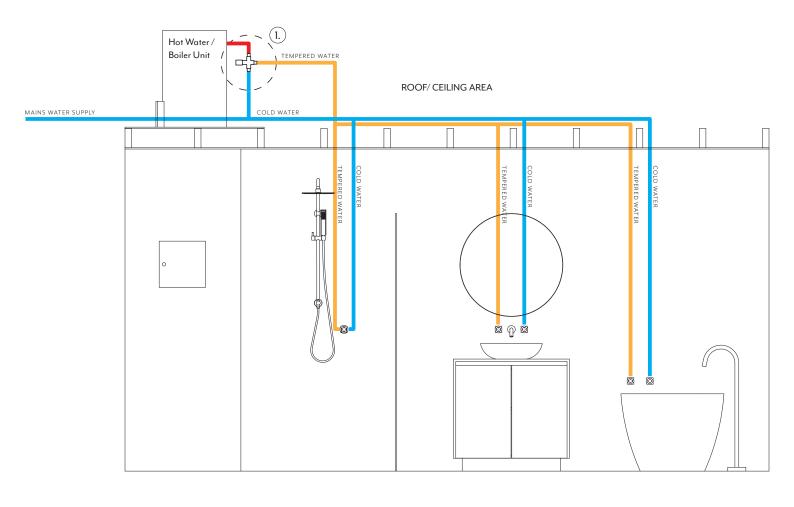

TMV Placement - Directly after hot water unit

A **TMV** [Thermostatic Mixing Valve] is required in homes that do not have a TMV fitted, If the hot water coming out your tap is more than **50°C** you will need to adjust your TMV.

1. We recommend placing your **TMV** directly after your hot water/boiler unit. Consult with a **licensed plumber** to discuss the best position for your needs.

COLD WATER

TEMPERED WATER

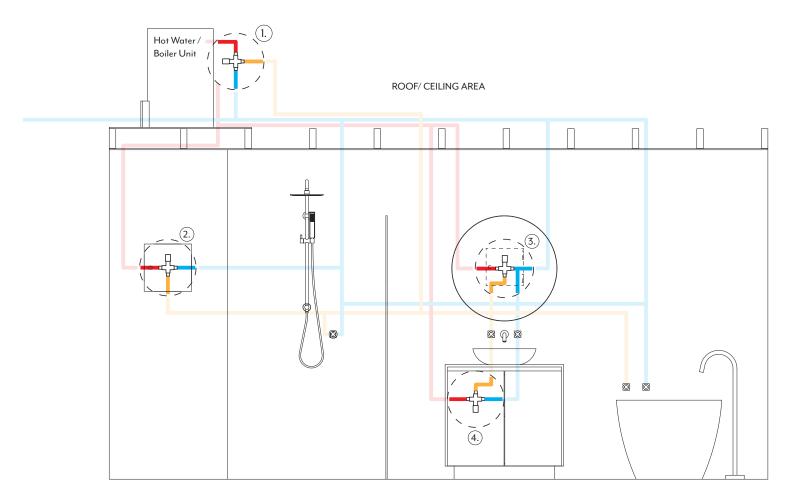

SCOLDING WATER

TMV Placement - Alternative Options

- (1.) Directly after your hot water unit
- (2.) Inside a service panel

- 3.) Inside a service panel behind removable mirror
- (4.) Inside the bathroom vanity unit

TEMPERED WATER

COLD WATER

SCOLDING WATER
