Pan: Vitreous China

Seat: Soft Close - Hardened Polypropylene (PP)

PRESSURE RATING

Recommended minimum working pressure 0.5 Bar

Recommended maximum working pressure 5 Bar

OPERATION

Full Flush: 4.5L, Half Flush: 3.0L, Average Flush: 3.3L

INSTALLATION GUIDE

Note: This product must be installed by a licensed plumber. This is a general installation guide - there are many factors involved that can alter the installation method. **AU/NZ:** For installations within Australia and New Zealand, this product must be installed in compliance with AS/NZS 3500. **UK:** For installations in the United Kingdom this product must be installed in compliance with the Water Supply (Water Fittings) Regulations and Water Supply (Water Fittings) (Scotland) Byelaws. **Other:** For installations outside these countries, this product must be installed in compliance with the standards in your respective country.

ABI
INTERIORS

1. Apply silicone to the bolts and washers.
2. Attach the bolts, rubber seal and flexi hose

2. Align and bolt the cistern to the pan.

3. If outlet is external to pan, remove cap and push flexi hose through the side of pan.

4. Push toilet back, ensure waste pipe aligns.

Regularly clean with mild liquid detergent or soap and water

DO NOT use cream cleaners or bleach. These substances are abrasive

DO NOT use cleaning pads with abrasive surfaces as this may scratch the material
